

Principle and practice of data and Knowledge Acquisition Workshop (PKAW 2026)

Guangzhou, China, 17-18 November 2026

<https://pkawwebsite.github.io/2026/>

CALL FOR PAPERS

Welcome to the 2026 Principle and practice of data and Knowledge Acquisition Workshop (PKAW). Following the successful PKAW 2006 (Guilin, China), PKAW 2008 (Hanoi, Vietnam), PKAW 2010 (Daegu, South Korea), PKAW 2012 (Kuching, Malaysia), PKAW 2014 (Gold Coast, Australia), PKAW 2016 (Phuket, Thailand), PKAW 2018 (Nanjing, China), PKAW 2019 (Fiji), PKAW 2020 (Yokohama, Japan, online), PKAW 2022 (Shanghai, China), PKAW 2023 (Jakarta, Indonesia), PKAW 2024 (Kyoto, Japan), and PKAW 2025 (Wellington, New Zealand), PKAW 2026 will be collocated with the 23rd Pacific Rim International Conference on Artificial Intelligence (PRICAI 2026) and held in **Guangzhou, China** in 17-18 November 2026.

TOPICS OF INTEREST

All aspects of knowledge acquisition, data engineering and management for intelligent systems, including (but not restricted to):

- **Knowledge Acquisition**
 - Fundamental views on knowledge that affect the knowledge acquisition process and the use of knowledge in knowledge engineering
 - Algorithmic approaches to knowledge acquisition
 - Tools and techniques for knowledge acquisition, knowledge maintenance and knowledge validation
 - Evaluation of knowledge acquisition techniques, tools and methods
 - Ontology and its role in knowledge acquisition
 - Knowledge acquisition applications tested and deployed in real-life settings
 - Knowledge processing for generative AI
- **Knowledge Representation and Discovering**
 - Knowledge representation learning
 - Temporal knowledge graph
 - Data linkage
 - Data analytics and mining
 - Big data acquisition and analysis
 - Machine learning/deep learning
 - Semantic Web, the Linked Data and the Web of Data
- **Responsible Data/Knowledge Management and System**
 - Transparency, explainability, trust, and accountability
 - Privacy and security
 - Other ethical concerns
- **Knowledge-aware Application**
 - Question answering
 - Recommendation system
 - Domain-related application
- **Human-centric Knowledge Engineering**
 - Human-machine collaboration, integration, interaction, delegation, dialog
 - Hybrid approaches combining knowledge engineering and machine learning
- **Other Topics**
 - Experience and Lesson learned
 - Reproducibility and negative results of knowledge engineering
 - Innovative user interfaces
 - Crowd-sourcing for data generation and problem solving

IMPORTANT DATES

Paper Submission: 15 July 2026

Notification: 15 September 2026

Camera-Ready: 22 September 2026

Workshop Date: 17-18 November 2026

All deadlines are at the end of the day specified, anywhere on Earth (UTC-12).

PAPER SUBMISSION

Proceedings of PKAW 2026 will be published by Springer as a volume of Lecture Notes in Artificial Intelligence (LNAI) series. All papers for the review should be submitted electronically using the conference management tool in PDF format and formatted using the Springer LNCS template. **The main content of the paper should not exceed 16 pages long (including references).** Submissions must not be published or under consideration to be published elsewhere.

Submission link: <https://cmt3.research.microsoft.com/PKAW2026>

ORGANIZING COMMITTEE

- **Workshop Chairs**
 - Shiqing Wu, City University of Macau, Macao SAR
 - Weihua Li, Auckland University of Technology, New Zealand
- **Honorary Chairs**
 - Paul Compton, University of New South Wales, Australia
 - Hiroshi Motoda, Osaka University, Japan
- **Advisory Committee**
 - Quan Bai, University of Tasmania, Australia
 - Qing Liu, Data61, CSIRO, Australia
 - Byeong Kang, University of Tasmania, Australia
 - Maria R Lee, Shih Chien University, China
 - Kenichi Yoshida, University of Tsukuba, Japan
 - Deborah Richards, Macquarie University, Australia

CONTACT

For any questions, please send your email to Dr. Shiqing Wu ([sqwu@cityu.edu.mo](mailto:sqw@cityu.edu.mo)) and Dr. Weihua Li (weihua.li@aut.ac.nz).
